

IF IN DOUBT ASK

ALL DIMENSIONS ARE IN "mm "

DO NOT SCALE

The diagram shows a relay assembly with two slots. Slot 1 contains terminals 1-9, A, G, and relays RL1-RL6. Slot 2 contains terminals 01-28, relays RL1a-1g, fuses 1A and 5A, and relays EI-1 to EI-4. A busbar (BUS) with phases A, B, and C is connected to the top. A feeder circuit is shown on the right with phases P1 and P2. Dimensions 117.9 and 144.1 are indicated.

NOTE:
1. Connection diagram legends, font size, font style, numbers, texts symbols should match as per approved master film.
